In both cases, when applicable, the position of the towel rack is also customizable. If you do not require drilling for taps, please state this in your purchase order.

To calculate the price of your worktop (**ENC**) you must take into account its configuration and add the corresponding supplement to the selected vanity basin.

Due to their characteristics, the SolidCoat Surface items **STR/BSE/ENC** >122cm are supplied in special packaging. Valve and supports not included. If necessary, see pages 34 and 35.
