Linee accoglienti, materiali di qualità e soluzioni intelligenti rendono questi modelli perfetti per ogni spazio, dalla casa più piccola agli ambienti più ampi.

La collezione include anche tre nuovi modelli esclusivi, nati dalla collaborazione con il designer Filippo Dilecce, e si arricchisce di poltrone e tavolini coordinati per completare il living con armonia.

I divani Glam-More sono la scelta perfetta per chi cerca un prodotto comodo e versatile, senza rinunciare alla qualità e alla praticità.

The essence of comfort for every home.

The "Essential" collection brings together the most appreciated sofas from GlamMore, designed to offer beauty and functionality in every home. Exquisite lines, quality materials, and smart solutions make these models perfect for any space, from the smallest homes to larger areas.

Each sofa is designed to meet everyday needs, with a wide range of customisation options: fabrics and leathers in a variety of colours, modular designs, and for some, the option to choose the armrest that best suits your own style. The collection also includes three new exclusive models, born from the collaboration with designer Filippo Dilecce, and is enriched with coordinated armchairs and coffee tables to complete the living room in harmony.

GlamMore sofas are the perfect choice for those looking for a comfortable and versatile product without compromising on quality and practicality.

L'essence du confort, pour chaque maison.

Essential est la collection qui réunit les canapés les plus appréciés de Glam~More, conçue pour offrir beauté et fonctionnalité dans chaque espace. Des lignes accueillantes, des matériaux de qualité et des solutions intelligentes font de ces modèles un choix parfait pour tous les intérieurs, des plus petits aux plus spacieux.

Chaque canapé est pensé pour s'adapter aux besoins du quotidien, avec un large éventail de personnalisations : tissus et cuirs dans une multitude de couleurs, modèles modulables et, pour certains, la possibilité de choisir l'accoudoir qui correspond le mieux à votre style.

La collection comprend également trois nouveaux modèles exclusifs, issus de la collaboration avec le designer Filippo Dilecce, et s'enrichit de fauteuils et de tables assortis pour harmoniser l'espace de vie.

Les canapés Glam~More sont le choix idéal pour ceux qui recherchent un produit confortable et polyvalent, sans compromis sur la qualité et la praticité.

A high-heeled shoe with a sheer, draped fabric overlay, set against a minimalist background with vertical panels. The fabric is light-colored and has a fine, woven texture. It is draped over the shoe, creating deep, flowing folds that cascade down the side and around the heel. The shoe itself is a classic pump style with a pointed toe and a high, thin heel. The background consists of several vertical panels in various shades of beige and taupe, creating a modern, architectural feel. The lighting is soft and directional, coming from the upper left, which highlights the contours of the fabric and the shoe, and casts long, gentle shadows on the surface below.
