L. 1000 / 1250 / 1500 mm.

Touch switch

Dimmable rear LED light

Multiple socket

Dimmable LED rear lighting

To reduce eye strain when watching television, or simply to create a pleasant atmosphere, the furniture is equipped with dimmable LED rear lighting, which can be activated via a touch switch. With the addition of item VTAE 010, the LED lighting can also be controlled from your smartphone, thanks to the dedicated app, from the comfort of your sofa.

Multiple socket

The technical cabinet is equipped with a six-socket power strip inside, controlled by a single switch and with a single output cable. This keeps the area around the cabinet tidy and safe at all times.

OPEN STORAGE UNITS FOR TV CABINETS AND SIDEBOARDS

Open storage units, structure in 10 mm thick panels.
